PROFESSIONAL SUMMARY

Full Stack Developer with 1 year internship and 5 months professional experience building scalable web applications and CRM systems. Skilled in Next.js, Node.js, RBAC, and cloud deployment (VPS, Nginx, CDN) with focus on performance and clean architecture.

TECHNICAL SKILLS

Languages: JavaScript, SQL, HTML, CSS

Frontend: React.js, Next.js, Tailwind CSS, Redux, React Query React Query (Data Fetching & Caching)

Backend: Node.js, Express.js, REST APIs

Databases: MongoDB, MySQL, PostgreSQL, Prisma

Tools: Git, VPS, Nginx, Domain Mapping, S3, CDN

PROFESSIONAL EXPERIENCE

Full Stack Developer

July 2025 – November 2025

PCD Consultancy Services

Mumbai, India

- Developed and deployed 5 production applications using Next.js, Node.js, and MySQL
- Handled end-to-end deployment on VPS with Nginx, domain mapping, and SSL setup
- Optimized performance using React Query caching and improved data handling
- Collaborated with teams to build scalable and user-friendly web applications

Web Developer Intern

June 2024 – May 2025

Sublime Technocorp

Navi Mumbai, India

- Built and deployed 7+ web applications using React.js, Next.js, and Node.js
- Developed CRM features including dashboards, user roles, and workflow automation
- Designed backend APIs and database schemas using MySQL and MongoDB
- Improved performance using lazy loading and code optimization techniques

KEY PROJECTS

Kidzbook Admin Panel (CRM System) | *Next.js, Node.js, MySQL, Prisma, Redux, S3, CDN*

- Architected and developed a scalable unified CRM admin panel supporting multiple modules including Social Media, E-commerce, Education, Events, and Competitions
- Designed a modular micro-frontend-like architecture with dynamic module switching and role-based dashboards, improving system scalability and maintainability
- Implemented Role-Based Access Control (RBAC) with custom roles, per-module permissions, and multi-role assignments for secure and flexible user access
- Built high-performance data handling using Redux for global state management and React Query for caching, reducing redundant API calls and improving UX
- Developed media-heavy features (e.g., social media posts) using S3 storage and CDN integration for optimized asset delivery and faster load times
- Integrated advanced admin features including analytics dashboards, notifications system, audit logs, and user activity tracking

MK Ghare E-commerce Platform | *React.js, Next.js, Node.js, MongoDB, OAuth*

2024

- Built a full-featured jewelry e-commerce platform with a comprehensive shopping cart, secure payment integration, and product management system
- Implemented OAuth authentication supporting Google and Facebook login, enhancing user onboarding experience
- Deployed a production-ready solution with optimized database queries and responsive design for mobile and desktop
- Integrated secure payment gateway and streamlined checkout workflow for seamless transactions
- Live:** mkghare.com

Sublime TechnoCorp Corporate Website | *Next.js, React.js, Tailwind CSS*

2024

- Developed a modern, responsive corporate website showcasing services, portfolio, case studies, and brand identity
- Built dynamic case study pages to present detailed project insights, improving client engagement and credibility
- Implemented a dynamic careers page with job listings, application flow, and interview/meeting scheduling features
- Applied SEO best practices and performance optimizations for fast load times and improved accessibility
- Live:** sublimetechnocorp.com

EDUCATION

Bachelor of Science in Computer Science <i>SIES College, University of Mumbai</i>	2022 – 2025 <i>Mumbai, India</i>
Intermediate - Physics, Chemistry, Mathematics, Computer Application <i>Gandhi Nagar Public School</i>	2021 – 2022 <i>India</i>

ACADEMIC ACHIEVEMENTS & LEADERSHIP

Strong academic performance in B.Sc Computer Science program with focus on algorithms and data structures
Completed comprehensive full-stack development projects demonstrating end-to-end application development
Experience in technical mentoring, curriculum development, and programming instruction for junior developers
Active contributor to team knowledge sharing and collaborative problem-solving initiatives
